

Form for Entry on the Day

Any form designed for Entry on the Day has to be a compromise.
 It should be easy for a new-comer to complete and not too tedious for an experienced orienteer
 It should collect the details required for the computer operator, the organiser, club publicity person and BO's insurers.

The form below has been designed to meet, as much as possible, those requirements.
 Bundles can be attached to several clip-boards on a table before registration.

Some clubs prefer one slip per entry unit (per Siscard), others are happy to have multiple entries from a family on the same form.

If using AutoDownload, particularly if it is busy, forms of runners with their own Siscard can be set to one side, and only runners using hired Siscard entered into the computer.

There is a customisable WORD version of this form at www.rstrain.co.uk/SI

East Lothian Orienteers Event Registration and Safety Card PLEASE WRITE CLEARLY IN CAPITAL LETTERS <i>Registration information will be recorded on computer and results will be published on the internet</i>
